THE NEW BIG UNOFFICIAL
LEGO® BUILDERS BOOK

Mattoni & Trucchi

As the ultimate powerful construction toy, LEGO® offers endless possibilities - just give your imagination free reign! In order to assist you in this, our authors are revealing a wide range of construction techniques, also using various new bricks which are available by now.

Their new tips and tricks are all clearly displayed in easy-to-grasp step-by-step instructions for new and individual models to be created, whether houses, cars, spaceships, figures, or even small accessories. The authors even explain how to integrate LEGO® electric motors, disclosing new prospects for your own personal LEGO® masterpiece!

This book addresses beginners as well as skilled builders, revealing a wide range of construction techniques and demonstrating manifold new tips and tricks of the authors.

Joakim Klang and Oliver Albrecht are both LEGO experts since their childhood days. They are well-known within the LEGO community for their real artistic and

experimental use of the colourful bricks. .

Other titles by Joakim Klang: Bau dir eine Stadt, Build your Own Galaxy, Build your own LEGO Knights Realm, Build Your Own LEGO Vehicles, LEGO Projects, Minecraft, Minions, Tips Tricks and Building Techniques, Transformers.
