**The Orphan of Beslan**

Beslan, Ossetia, Russian Federation. Igor, sixteen years old, was abandoned at four in an orphanage with a cruelly evocative name, The Dream.

There, he meets Sasha, the tailor who becomes almost a father to him, takes care of Mina like a little sister, takes care of the pigsty, and studies: he wants to create an independent future for himself.

Unlike his companions, Igor tries to make himself invisible to couples who arrive with the desire to adopt a child, and almost magically, he succeeds.

However, he understands that the Institute is hiding secrets and corruption, so he decides to investigate. It may be risky, but two doctors come into his life, Layla and Anton, and a very peculiar girl, Lyudmila...
